September 29, 2023

The ABNM is searching for an Associate Executive Director to serve a 5-year term, beginning July 2024. The position is renewable for a second 5-year term by mutual consent. The Associate Executive Director assists with the production of all examinations, including the In-Training, Certification, and Maintenance of Certification (MOC) examinations; supports the ABNM MOC program, including CertLink®; and facilitates communications with diplomates and other stakeholders. The position nominally requires 10 hours per week (25% effort).

Qualified individuals must be certified by the ABNM, participate in MOC, and have a full and unrestricted medical license in all jurisdictions where licensed. Prior or current ABNM experience is preferred, alternatively significant leadership experience in other Nuclear Medicine professional organizations would be acceptable. The ABNM seeks individuals with varied experiences, perspectives, and backgrounds to include members of underrepresented groups.

The individual should be committed to the mission of the ABNM, which is the advancement of public health through setting standards for initial and continuing certification of Nuclear Medicine physicians.

The ideal candidate should have a good understanding of ABNM’s role as a member board of the American Board of Medical Specialties (ABMS), particularly in setting standards that advance quality in practice.

The individual should not have any conflicts of interest, including serving as a board member or officer of an organization that certifies physicians in any aspect of nuclear medicine practice. Interested applicants should review the ABNM Conflict of Interest statement by clicking here.

For more information, contact the ABNM at abnm@abnm.org. Applications will be accepted from October 1 – November 15, 2023. Individuals may apply to the ABNM Search Committee at abnm@abnm.org by sending their CV, photograph, and applicant statement describing their qualifications and interest in the position.

Sincerely,

George Segall, MD
Executive Director
